My greetings to all lovers of running,

I've also fallen for this sport and cannot stop ever since. ČSOB Bratislava Marathon is a traditional part of the fall "sports menu" for runners not just from Bratislava, but also from the near and farther regions, and abroad. Bratislava has been living by this sport and social event for several years now. I am thankful that circumstances are acceptable and pandemic situation that has hit our lives enables us to meet at sport events. It is also thanks to all who are vaccinated and are helping Bratislava safely avoid restrictive measures that would be necessary in case of lower vaccination rate. Our reward is also possibility to meet, for instance, also at ČSOB Bratislava Marathon, an integral part of sports life in Bratislava, motivating crowds to healthy life style and sport. I have talked also several colleagues into running, as team spirit is important not just at work. I look forward to seeing you at the finish line. I would like to thank also to Pukalovič brothers for coming up with this great event and am looking forward to next successful editions of this running spectacle, while each is a unique experience.

Matúš Vallo
 Mayor of Bratislava

Dear runners, and all fans of running,

There is a saying that one should appreciate good things and not take them for granted. This goes for ČSOB Bratislava Marathon one hundred percent. I realized this last fall, when the pandemic situation and our own maximum responsibility forced us to switch into virtual space. We easily got used to the fact that every April, since 2006, runners literally filled the streets of Bratislava. However, I believe that you have used last months to improve your shape and the upcoming first weekend of September will be the best reward for all of us. As a general partner of ČSOB Bratislava Marathon, as well as in the name of a large group of runners and active participants of this event within our ČSOB, I would like to sincerely thank the organizers for all the hard work they have put into enabling us to stand on the starting line. Also this year, alongside proper running preparation, it is important that every participant is cautious so the effort of organizers does not go to waste. We will demonstrate that such events can take place also in the midst of this ongoing pandemic period, if we act responsibly. Thanks to this attitude, we will be able to catch all up!

Daniel Kollár
 General director and CEO – ČSOB

Dear running friends,

We are counting down last days and hours to the start. The start that we have been waiting for longingly. We have been through a rough period. We had to cancel our event just 3 weeks prior its start in April 2020, postpone it to the fall term, when due to worsened epidemic situation we could organize only Slovak National Championship in half marathon and remaining parts of the 15th edition of ČSOB Bratislava Marathon took place only virtually. We refunded more than 11.000 contestants registered in 2020; we were waiting what would be next in complete uncertainty. In March 2020, the situation caught us by surprise and what followed in fall was painful as we had to prepare such a big event as ČSOB Bratislava Marathon twice and could not bring it to finish line.

All of this put us, Bratislava Marathon Team, to a difficult test. It also made us stronger, mainly thanks to you. Your support and cheering during these times when we had to announce cancellation and postponing of our event, and also during the whole period until today – on virtual or smaller classic races, you were our best energizer, support and motivation to never give up and hope together that the situation will improve.

And that even though our "running world" might not be the same as we remember, ČSOB Bratislava Marathon remains this unique event, having its solid place not just in your running calendars, but also in your hearts. Many thanks also go to our partners, led by the general partner of the event – ČSOB, who stood by us even in these unstable times and with whom we were constantly looking for ways to stay in touch with you and attract you. We want to thank also municipality of Bratislava, headed by the mayor Matúš Vallo, Police of Slovak Republic – traffic, riot and city police, Bratislava Transport Company, and our key partners.

Thank you for an ongoing support and we are looking forward to the moment at the end of this week when we will meet at the starting line and will # feel the race joy again – our event motto for this year.

Have a good time, and we will see you at the finish line – where **"everyone is a winner"**.

Jozef Pukalovič
Race Director

Instructions for runners

Saturday 4th September 2021

Toddlers Runs 09:30 am

When once registered online, it is not necessary to present the babies, it's enough to come with them to the place of the competition, which will be placed in the indoor premises of Eurovea on the -1st floor (in case of good weather, outdoors). Here babies will get the start number – a sticker with number which will be placed on their backs.

If you did not manage to register your "toddler" online, it's enough to come to the event and to register him/her at the organizer and "lay down" the baby on the start line. You will get the start number sticker from organizers before the start. We kindly ask you to be tolerant and allow to start as first those babies, whose siblings will take part in the Kids Runs which begin at 10:00 a.m.

Kids Runs 10:00 am

Registration and presentation of kids (picking up the start packages) will be in process from Thursday, 2nd September 2021 in Eurovea. The latest picking up of start packages as well as last possibility to register, if the limit (1 000 kids) is not reached, is on Friday, 3rd April 2021!!!

On the day of the race on Saturday, 4th September 2021, it is not possible to register neither to pick up the start package for kids!!! – exception are kids living outside of Bratislava. Thank you for your understanding.

The Kids Runs results will be announced after the end of runs directly at the M.R.Štefánik square in Eurovea.

KIDS RACE MAP

Minimarathon + Senior Run & Walk 14:00 am and Desiatka 10K run 16:00 am

Presentation and registration

New registration for both disciplines is possible on Friday, 3rd September 2021 at latest (if the participant limit is not reached). Presentation – picking up of start packages – for both disciplines, ends on Saturday, 4th September 2021 at 12:00 a.m.

Changing rooms

Within the Marathon City in Pribinova ulica (Eurovea – technical zone) there will be a big tent placed which will be divided into women and men changing rooms. The entrance into the changing rooms is permitted only to runners with start number. The changing rooms will be open from 1:00 p.m. till 6:00 p.m.

Depository

Depository will be placed in a tent within the Marathon City in Pribinova ulica (Eurovea – technical zone). Your belongings will be marked on a band organizer will offer you. The organizer is not responsible for the damage or loss of personal belongings. The depository will be open from 1:00 p.m. till 6:00 p.m.

Restrooms

Portable restrooms will be placed within the Marathon City in Pribinova ulica (Eurovea – technical zone), close to changing rooms and depository. There are toilets also directly in Eurovea Shopping Centre.

Time tracking

Portable restrooms will be placed within the Marathon City in Pribinova ulica (Eurovea – technical zone), close to changing rooms and depository. There are toilets also directly in Eurovea Shopping Centre.

Placement of chips: chips are component part of start numbers (do not manipulate with them, they could be damaged). After the race, the start number belongs to the runner, there is no need to return.

Start number

When you get your start number, check thoroughly your name, surname, year of birth and discipline so that similar names are not mixed up, which could cause problems.

INSTRUCTIONS FOR RUNNERS

The runners will get one start number which has to be placed **visibly on the chest!!!** It is strictly forbidden to place the numbers on legs or at the back. The runners must wear the start number the way it was produced – it cannot be cut away, folded or overlapped. Any kind of modification or derogation of the start number before or during the race is forbidden. For breaking this rule (WA rules – rule No. 143, point 7 and 8) the runner will be disqualified. After the race, the start number belongs to the runner.

A **medical form** is placed on the back of the start number. It's completion is voluntary. However it can provide important information about you in case of medical problems or if medical treatment must be provided to you during the race. For this reason, we kindly ask you to fill in the data carefully, they serve for your protection.

Track

We kindly ask all runners while ranking in the start corridors to take into consideration their actual sport condition and to enable the "faster" runners to get into the front part of the start corridor. By this, you will show mutual tactfulness and the start will be fluent and safe. The corridor for both runs is divided into 2 zones. Participants of the Senior Run & Walk will enter the last corridor of mini marathon.

All changes of direction will be marked on the track by railings, direction bands or the runners will be navigated by organizers. Each kilometer of the running distance will be marked by vertical signposts.

Refreshment

For the 10K Run, the refreshment station will be placed approximately on the 5,2 km (water) – near Lafranconi bridge on the Petržalka side.

Medical aid

Medical aid as well as emergency cars will be positioned along the track as well as in the finish zone.

Finsh

After crossing the finish line the runners will fluently pass the narrowed corridor, where they will get medals and refreshment.

Announcement of results

will take place on the main stage at the M.R.Štefánik square in Eurovea. Mini Marathon approx. at 2:45 p.m., the 10K Run approx. at 5:15 p.m. During the event you can follow the results online on www.sportsoftiming.sk. Unofficial results will be published by the organizer on Saturday, 4th September 2021 in the sunset hours and official results will be available on Thursday, 9th September 2021 on www.sportsoftiming.sk and www.bratislavamarathon.com.

Half Marathon Relay run

Sunday 5th September 2021

ORGANISATION GUIDELINES FOR RELAY TEAMS AND THEIR MEMBERS

The handover areas are placed not directly on the track of the run but one has to run a few meters out of the track to access them and then back to the course of the run. Please follow carefully the navigation signs immediately before the handovers in order to achieve a fluent and cultivated handover and ensure that relay runners do not mix with runners of the main disciplines.

The handover places will be marked with signposts and organizers. Please pay attention to the moment you run to the handover place as well, after the handover, when you run back to the main track so that you are able to avoid collisions with other runners.

You can leave your personal belongings in depository situated in the technical zone. Belongings you want to get after your run in the handover place will bring your colleague who runs as next after you.

The length of individual sections is as follows - A (4,2km) - B (6,1km) - C (5,7km) - D (5,1km)

The places of handover are as follows:

A - Eurovea - the runner "A" starts at 09:10 a.m. from the start point together with marathon and half marathon runners. The relay runners are placed into a separate start corridor C. If the "A" runner wants to take back personal belongings in the place of handover A/B the "A runner" has to give them to the "B runner" who brings them to the handover place.

The handover place is situated in Ružinovská Street in park (4,2 km). The "A runner" returns after the handover to Eurovea to the start/finish area by feet or by bus.

INSTRUCTIONS FOR RELAY HALF MARATHON

The handover place is situated in the park near the main road. On the main road (Ružinovská Street) turn right and you will reach individual handover zones. Back to the main track the "B runner" will get from the park, right before the refreshment point and before the Tomášikova Street crossroad.

B - Ružinovská Street (4,2km) - the "B runner" runs towards Ružinovská Street. To the handover place he will get by bus from the start/finish zone in Eurovea. The bus will be at Pribinova Street near technical area - opposite the Ministry of Interior of Slovak Republic building. The departure of buses is scheduled at 08:25 a.m.

Personal belongings the "B runner" wants to take back in the handover place B/C, the "C runner" brings to the handover place.

After the handover to the "C runner", the "B runner" returns to the start/finish zone in Eurovea by feet (600 m, approximately 8 min of walk).

When you go to Eurovea do not cross the track of the runners in Vajanského nábrežie and Šafárikovo námestie!!!

C - Jesenského Street/Námestie E. Suchoňa (10,3km) - "C runner" runs towards Mostová Street near Reduta building and then in direction to SNP bridge. To the handover place, he will arrive from the start/finish zone in Eurovea by feet (600 m, approximately 8 min of walk).

Personal belongings the "C runner" wants to take back in the place of the handover C/D, he gives to the "D runner" who brings them to this handover place (handover is placed approximately 300 m from B/C handover).

After the handover to the "D runner", the "C runner" returns to the start/finish line in Eurovea by feet (500 m, approximately 6 min of walk).

When you go to Eurovea do not cross the track of the runners in Vajanského nábrežie and Šafárikovo námestie!!!

D - Vajanského nábrežie - Propeler (16km) - The "D runner" runs in direction to Šafárikovo nám. and Old Bridge. To the handover place C/D he gets from the start/finish zone in Eurovea by feet (500 m - approximately 5 min of walk).

The "D runner" leaves personal belongings in the depository in the start/finish zone or he gives them to the "C runner" who brings them to the finish.

The "D runner" has got the start number with chip and after crossing the finish line he gets the medals for all relay team members!!! We kindly ask runners who run the A-C sections not to run to the finish zone together with "D runners" but to wait in the zone behind the finish corridor in Pribinova Street.

INSTRUCTIONS FOR RELAY HALF MARATHON

IMPORTANT FOR RUNNERS

Start number – each member of the relay team gets one start number which is different in color. The start number has to be placed visibly on the chest.

The time measuring chip is placed on the start number of the first "A" and the last runner "D". Chip is component part of the start number. After the race the start number belongs to the runner.

Relay runners will start from corridor C at 09:10 a.m. In case the relay starts from an earlier zone the team can be penalized by organizers (referee) with +10 min.

The handover areas will be visibly marked with color lines on the road. Considering the current epidemic situation, the handover will be only by passing through the handover zone – there will be no item to carry and pass on.

The handover places are positioned so that there is no collision with other runners. We kindly ask the relay runners to follow the advices of arbiters and the rules of FAIR PLAY in the places of handovers. We also ask the relay team members to be patient in the places of handover so that you do not hinder the handovers of other relay teams.

The runners get into busses and take their belongings from them after showing the start number! Please follow the advices of the organizer – the "bus managing team".

In the busses, leave only belongings which you have to store necessarily. The organizer is not responsible for loss of stored belongings in busses. After the event all not picked up items will be moved from the busses to the depository (Eurovea – Pribinova ulica – technical zone) where you can pick them up. After the end of the event all left belongings will be stored 30 days in the BE COOL agency.

IMPORTANT FOR RUNNERS

Start number – each member of the relay team gets one start number which is different in color. The start number has to be placed visibly on the chest.

The time measuring chip is placed on the start number of the first "A" and the last runner "D". Chip is component part of the start number. After the race the start number belongs to the runner.

Relay runners will start from corridor C at 09:10 a.m. In case the relay starts from an earlier zone the team can be penalized by organizers (referee) with +10 min.

The handover areas will be visibly marked with color lines on the road. Considering the current epidemic situation, the handover will be only by passing through the handover zone – there will be no item to carry and pass on.

The handover places are positioned so that there is no collision with other runners. We kindly ask the relay runners to follow the advices of arbiters and the rules of FAIR PLAY in the places of handovers. We also ask the relay team members to be patient in the places of handover so that you do not hinder the handovers of other relay teams.
